Maribel was an exchange student to our school from Peru.

Olli was an exchange student to our school from Finland.

"My year in Freeland High School was good. I met lots of new people, learned American culture and improved my English a lot. All the students and teachers made me feel really welcome to Freeland Community all the way from the first day. I had lots of fun doing

track, cross-country and spending time with my friends after school.

I want to thank my host families, teachers and my friends for making my year in Freeland great." ~Olli

Exchange Students

Renatha Feitosa Frota Bastos & Marina Muller

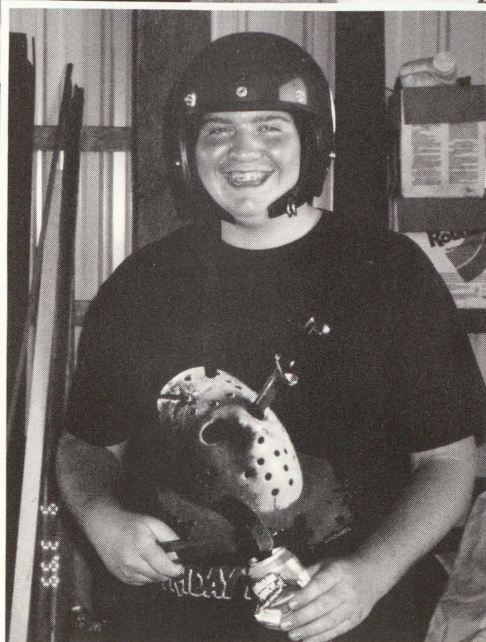

Renatha and Marina were exchange students from Brazil.

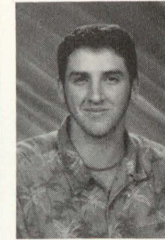

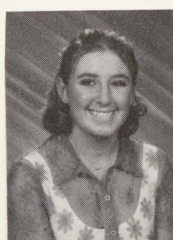

"As an exchange student, I found many new possibilities when I came to the U.S. and studied at Freeland. School in Brazil we have to wear a uniform. We are there for four hours a day, but we can choose between morning or afternoon. At Freeland I found myself doing a lot more hands on experience projects than I ever did at home. Mrs. Kolbe even made me sew a craft that I never did before. Thanks, Mrs. Kolbe. My mom will be proud of me. One thing that I experienced during this year was all the beautiful places the US has to offer. They are not the warm beaches of Brazil, but I visited many unique places in the Midwest. Overall, I've had a wonderful experience being an exchange student at Freeland High School. Thank you to all the friends that I've made and all the teachers for their support, encouragement, and patience. Especially I would like to thank my host family and my American relatives for all their help and love. In January I will be back to start college in Lansing. So good luck until then, and keep in touch."
~Renatha

"When I first came to Freeland I was shocked to find because the only thing I saw was corn. Even though moving to the country wasn't easy, I had a wonderful experience in Freeland. Studying at Freeland was great! The whole community is so friendly, that even with all my problems understanding the language I could get through my senior year. But there are two things that I'll always remember, the football games and listening to the band. Maybe I just love it because it's something that I didn't have in my school. There are many people that made this experience possible, the Rotary and especially my parents, and I am very thankful for them. But it was the people that I met here that made this a great experience and a fun year. Thanks to my teachers, my friends, the Droste family, and my host family (Marcy, Brian, and Rhy) who did a wonderful job. I'll certainly come back to Freeland, so I don't want to say goodbye, instead I'll say see you soon."

Which teacher is this?

This teacher has been with Freeland Schools for almost 33 years. She is just short of 33 years because of having to go on pregnancy leave. She has two daughters, both of whom graduated from Freeland. This teacher, unlike most who work here, chooses to make Freeland not only her town to work in, but she resides here too. She enjoys reading, creating scrap books, and traveling. Every summer she travels south with her husband to places like Florida, Alabama, Arizona, Chicago, and Las Vegas.

Drunk Driving Awareness Week

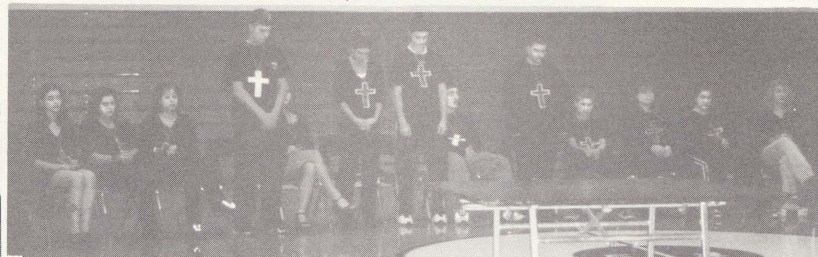

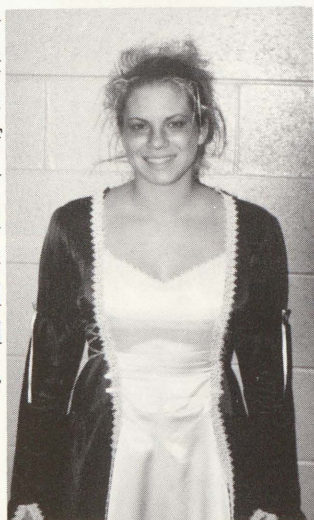

Eight people are killed everyday in the United States as a result of drunk driving accidents. To make this statistic somewhat of a "reality" this year at FHS, the Positive Peers sponsored a Drunk Driving Awareness Week for all high school students. Members of the selection committee chose ten students from each grade to be "killed" by the Grim Reaper during the week of April 10-14. Obituaries were read to the classes and tombstones were hung on the wall for each student "killed" in a drunk driving accident. On Friday, all 40 students were separated from their friends and presented at the assembly where Mr. Karl Randall spoke to the student body on his experiences with drunk driving. This event was a successful way for the Positive Peers to reach out and touch the lives of their classmates.

Good Bye

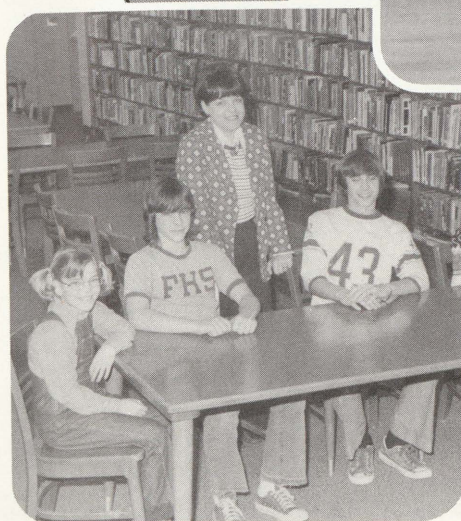

MRS. HACKER

We'll Miss You!

It is very obvious that Mrs. Hacker loved to teach. Her students have always found her to be a kind and caring person. In all of her years here she continued to find

ways to make history classes interesting. She will be sorely missed by both students and the faculty here at Freeland High School. The yearbook staff would like to say a special thank you and farewell to a teacher we all will miss. We hope you have a long and enjoyable retirement.

“

Teaching is an instinctual art, mindful of potential, craving of realizations, a pausing, seamless process.

This year's Varsity Softball team was mostly carried by the seniors. Out of the 9 starters 6 of them were seniors. This team of 6 has played together for the past four years including three years as the Varsity team.

Overall this season has been the most successful in the past three years. The ladies made it to the final game in districts by overcoming the Bullock Creek Lancers, but fell short to Hemlock by a score of 1-0. This team should be proud of their season because they learned the most important lesson in sports - to play as a team. There were some very interesting games in which the score was not the issue - but the lesson the game taught. I am proud of the entire team and will miss being a part of the softball program, but with the talented players that will carry next year's team to victory I know they will have a great season!
